Ask an Entomologist!

November's Teen Science Cafe will feature Erika Peirce and Melissa Schreiner. Erika and Melissa are graduate students in the Department of Entomology at Colorado State University

Entomology graduate students are here to answer your wildest questions you may have about bugs and future career paths in entomology! Erika and Melissa have been working in CSU student organizations as volunteers together since 2015! They will discuss what it is like working in the world of arthropods and Colorado Insects. Then we will give the audience a chance to ask questions about insects, getting jobs, going to college, success in social media, travel, beekeeping, macrophotography, and insect collecting.

Food and drinks are provided.
Please RSVP so we can plan accordingly.
