

MMAP

Reach for the sky.

Introductions

Why are we here?

**We are not here to sell the STC concept.
That has already been done.**

**We are here to create a strong
*Strategic and Implementation Plan.***

An Unfinished Timeline

November 2000	DR suggests that Marat create a super-parameterized version of the CAM
Spring 2001	Marat produces the first results from the super-parameterized CAM
Summer 2001	DR starts to seriously consider proposing an STC
Late 2001	DR decides to go for it, and we begin waiting for the NSF announcement to come out
February 2002	DR visits NSF to discuss the STC idea with Jay Fein
Spring 2002	DR starts drafting the STC proposal
October 2002	The Snowstorm Workshop at the Fort Collins Marriott
March 2003	The NSF announcement comes out
May 2003	Major planning Workshop
June 2003	The Pre-Proposal is submitted
October 2003	NSF invites MMAP to submit a Full Proposal
Late 2003	Three more Workshops
February 2004	The Full Proposal is submitted
Early June 2004	NSF emails us to say that MMAP will be site-visited
October 2004	Site Visit
January 2005	Six of the twelve site-visited proposals are declined, and MMAP enters Limbo
April 2005	DR visits NSF to meet Margaret Tolbert
July 2005	The Limbo Workshop in Fort Collins
December 2005	We get the word that NSF is "moving towards an award" for MMAP
February 2006	Video conference
May 2006	Retreat
