

CMMAP Graduate Student Colloquium
 Department of Atmospheric Science, CMMAP MPR
 July 21-24, 2009

Schedule at a glance

**Breakfast and lunch will be provided everyday

	Tuesday July 21st	Wednesday July 22nd	Thursday July 23rd	Friday July 24th
9:00	Introduction to Workshop	Mock global climate negotiations	Mock global climate negotiations	Mock global climate negotiations
9:30				
10:00	Break	Break	Break	
10:30	Student research presentations	Student research presentations	Student research presentations	Student research presentations
11:00				
11:30				
12:00	Lunch	Lunch	Lunch	Lunch
12:30				
1:00	Communicating climate change workshop	Roundtable discussion on local climate policy	Policy for Climate Science	National climate policy
1:30				
2:00		Break	Break	Break
2:30		Navigating the Science-Policy Frontier	National Climate Service	Wrap-up
3:00				
3:30				
4:00		BBQ	Mock negotiation research (optional)	Mock negotiation research (optional)
4:30				

Tuesday July 21, 2009

9:00-10:00 am **Welcome/Introduction to Workshop**

10:00-10:30 am **Break**

10:30 am–12:00 pm **Student research presentations**

Graduate students and summer interns will give a 10-minute informal presentation on their current research. Presentations should include who you are, what your research is about, and why is it important to others (e.g., general public).

10:30	Pete Bogenschutz, Univ. of Utah
10:45	Kate Thayer-Calder, CSU Atmospheric Science
11:00	Gabe Kooperman, Scripps Institution of Oceanography
11:15	JoBeth Minniear, CMMAP Intern
11:30	Walter Hannah, CSU Atmospheric Science
11:45	Matt Masarik, CSU Atmospheric Science

12:00–1:00 pm **Lunch and networking**

1:00–4:00 pm **Communicating Climate Change Workshop**

Susan Buhr, CIRES Education and Outreach Director, will lead a workshop on Communicating Climate Change to non-scientists.

5:30 pm **BBQ at City Park**

Come join friends, colleagues, and family for a BBQ at City Park. Significant others and kids are invited. Bring games and sporting equipment. See Melissa for more details.

Wednesday July 22, 2009

9:00-10:00 am **Mock global climate negotiations**

10:00-10:30 am **Break**

10:30 am–12:00 pm **Student research presentations**

10:30	Kate Musgrave, CSU Atmospheric Science
10:45	Terreka Hart, CMMAP Intern
11:00	Alex Gonzalez, CSU Atmospheric Science

11:15 Heather Morgan, CMMAP Intern
11:30 Gabriel Williams, CSU Atmospheric Science
11:45 Cara Taber, CMMAP Intern

12:00–1:00 pm **Lunch and networking**

1:00–2:30 pm **Roundtable discussion on local climate policy**
Lucinda Smith (Fort Collins), Sarah Van Pelt (Boulder), and Ginny Brannon (State of CO Dept. of Public Health and the Environment) will participate in a roundtable discussion on state and local climate policy.

2:30–3:00 pm **Break**

3:00–4:00 pm **Navigating the Science-Policy Frontier**
Michele Betsill will lead a discussion on navigating the science policy frontier to help students think about their roles and responsibilities as climate scientists in relation to climate change policy making.

4:00–4:30 pm **Mock negotiation research (optional)**

Thursday July 23, 2009

9:00–10:00 am **Mock global climate negotiations**

10:00–10:30 am **Break**

10:30 am–12:00 pm **Student research presentations**

10:30 Parker Kraus, CSU Atmospheric Science
10:45 Lance Vanden Boogart, CMMAP Intern
11:00 Isaac Medina, CSU Atmospheric Science
11:15 Laura Witte, CMMAP Intern
11:30 Katherine Heal, CMMAP Intern
11:45 Liz Huddle, CMMAP Intern

12:00–1:00 pm **Lunch and networking**

1:00–2:30 pm **Policy for Climate Science**
Lisa Dilling, Assistant Professor of Environmental Studies at the University of Colorado, will discuss how federal agencies set their funding priorities for climate science.

2:30-3:00 pm **Break**

3:00-4:00 pm **National Climate Service**
Nolan Doesken will introduce students to the idea of a National Climate Service and update them on the status of the discussions.

4:00 pm **Mock negotiation research (optional)**

Friday July 24, 2009

9:00-10:30 am **Mock global climate negotiations**

10:30 am-12:00 pm **Student research presentations**

10:30	Mike Pritchard, Scripps Institution of Oceanography
10:45	Greg Elsaesser, CSU Atmospheric Science
11:00	Rachel McCrary, CSU Atmospheric Science
11:15	Samantha McGraw, CMMAP Intern
11:30	Katie Riley, CMMAP Intern
11:45	Linse Anderson, CSU Political Science

12:00–1:00 pm **Lunch and networking**

1:00–2:30 pm **National Climate Policy**
Colorado Congresswoman Betsy Markey will discuss recent developments in Congress regarding climate policy and explore how members of Congress use science in their decision-making.

2:30-3:00 pm **Break**

3:00-4:00 pm **Wrap-up**

**Thank you for participating in the
2009 Graduate Student Colloquium.**
