Living with wild elephants: stories from elephant research in Kenya's Northern Frontier

October's Teen Science Cafe will feature Dr. George Wittemyer from the Department of Fish, Wildlife and Conservation Biology at Colorado State University. Dr. Wittemyer focuses on developing innovative solutions to conserve the world's wildlife. He knows 900 elephants living in Samburu National Reserve in Kenya individually and has been closely following their lives for over 20 years.

Prof. Wittemyer will share stories about his adventures with elephants, explaining the behavior and conservation challenges facing this incredible species

Food and drinks are provided.
Please RSVP so we can plan accordingly.
